The 19-foot long Flying Scot is a fast, stable racer for two or three people and comfortable family day sailer with room for six. Flying Scot owners are often eager to take on extra crew for races, providing a great opportunity to learn from experienced sailors.

ABOUT THE HUNTERDON SAILING CLUB

The Hunterdon Sailing Club was founded in 1964 and is a not-for-profit group dedicated to promoting the sport of sailing. The club sponsors training programs for youth and adults, and organizes races, cruises and special regattas for the enjoyment of both novice and veteran sailors.

Races are held twice weekly from May through October, at Spruce Run State Park. Cruising events are also held throughout the season. Members include individuals and families, adults and youth that always wanted to sail and have been looking for a chance to learn, as well as experienced sailors of all ages. The club offers instruction, boats for loan to club members, and opportunities for frequent sailing, both racing and cruising. Also, there are special events that range from competitive, such as regional competitions for specific sailboat classes, to just plain fun, including cruising, hot dog roasts & picnics. Here is a wonderful opportunity to spend more time sailing close to home and less time driving to the shore!

The club hosts fleets for various classes of sailboats: Albacore, Day Sailor, Force 5, Flying Scot, Jet-14, Laser, and Sunfish. In addition, the Cruising Fleet organizes social sailing events for all types of boats. The Junior fleet, for sailors under 18 years of age, is also very active, with a junior racing team, competitive racing with the entire club, holding its own events, and traveling to events with other clubs.

For more information: www.sailhsc.org & sailhsc@hotmail.com

HSC's youth and adult learn-to-sail programs build sailing skills and individual confidence for a lifetime.

The Sunfish (left) is a single-handed racer and training boat. HSC owns several Sunfish for members to use, and many more are owned by club members. The Jet 14 (right) is a very popular two-person high-performance 14-foot sloop with a spinnaker.
